SWARMWISE

THE TACTICAL MANUAL TO **CHANGING THE WORLD**

RICK **FALKVINGE**

In 2006, Rick Falkvinge decided to change the world for the better. He chose an unorthodox route and founded the very first Pirate Party. Less than ten years later, there are Pirate Parties in more than 70 different countries, and the pirate movement has become a political force to be reckoned with.

Swarmwise is the story of how one man managed to create a global phenomenon for political change. It is also a tactical manual to how you can tap into the power of the swarm and channel its force toward your goals. This applies equally whether the game you want to change is business, political, or social, and is especially relevant when you have no money and less time at your disposal.

RICK**FALKVINGE** founded the world's first Pirate Party in 2006. In 2011, he was named one of the world's top 100 thinkers by *Foreign Policy* magazine, and in 2012, he was shortlisted as one of the world's 100 most influential people by *TIME* magazine. He writes columns for *CNN*, *Russia Today*, and *TorrentFreak*. He also blogs at http://falkvinge.net.
